Linda Harmon	Tax Assessor-Collector (non-voting member)	linda.harmon@co.bastrop.tx.us

The Appraisal District Board of Directors Role in the Property Tax System

An Appraisal District Board of Directors has a limited scope in District operations. The Board of Directors has no authority over the setting of values. Their duties include:

1. Hiring of the chief appraiser
2. Setting of the budget of the District
3. Approval of contracts
4. Setting of policies and procedures of the District
5. Appointment of appraisal review board members

The Board of Directors of Bastrop Central Appraisal District is elected by the taxing units of Bastrop County. Votes are allocated based upon the levies of taxes. The election process occurs between September and December of odd numbered years. Board members serve two-year terms and must have been residents of Bastrop County for at least the preceding two years.

The Bastrop CAD Board typically meets monthly on Thursday evenings at 5:30 at the District office at 212 Jackson in Bastrop. The board agenda is posted on this website on or about five days before the meeting. On each agenda is an open forum for citizens to communicate any concerns to the Board. The time limit for speaking is five minutes. The topics of concern addressed should only be those items named above. The Board has no jurisdiction over value issues.
